

Brenda Hoff

Education I was raised on a mixed farm outside of Calgary, Alberta and went on in the cattle and horse production business. I am now focused on breeding, showing, and promoting paint horses. I also pursue other small business ventures.

APHA/Paint Involvement My three daughters and I have been producing, training and showing paint horses for twenty five years. We are standing two APHA stallions; IBA Intimidating Zip and Northern Sensation.

Other Horse Involvement I trained and worked ranch horses at our farm which allowed me to raise a Canadian champion reiner. I have been very involved in my daughters show careers.

Membership and Service I have been an APHA and APHC member for approximately 25 years. I have a lot of experience in show management, I was a director of futurities and a past director on the APHC board.
