Other Horse Involvement I also manage broodmare insemination, foaling, rehab injuries. I have been involved in showing horses for 35+ years. First AQHA, but after many years of showing on the AQHA circuit I was asked by Travis and Lynn Titlow to fit and show a weanling for the fall futurities. I fell in love with the paint breed and the people in the breed. The family atmosphere was what I needed to revive my passion for horses. I came home from the show talking my AQHA customers into buying, breeding and showing paint horses. I am still a AQHA member, but have not gone to a AQHA show since that day.

Membership and Service I have been a member for 15+ years
I help coach the local high school equine judging team and over the past 3 years, they have gone from not placing in the state finals to being one of the top 3 teams, winning many of their competitions.
