

## **Important Details for Submittal of Electronic Show Results**

- 1) All APHA shows and special events (U.S., Canadian and International) must submit show results electronically including the entry roster and the individual class results. Judges' cards should be mailed. All shows not submitting their show results electronically will be subject to a \$50 special handling fee per judge.**
- 2) All Grand Champion and Reserve Grand Champion placings must be entered into the show results submitted to APHA or the results will be returned. The class codes for Champions are listed on the Class Code list. Please enter only the Grand and Reserve Champion winner under each judge (not the list of eligible horses). There should be only one horse for Grand and one horse for Reserve.**
- 3) Original judges' cards must be mailed to Member Care/Show Results. Show Management must keep a copy of the judges' cards for a period of one year from the last day of the show.**
- 4) Results mailed to the APHA on disk are acceptable as long as they are submitted in the format specified by the APHA. Spreadsheets not submitted in the format specified by the APHA will not be accepted as they cannot be uploaded to the APHA show results files and will be returned for corrections. For the APHA Show Entry template and instructions go to <http://my.apha.com/forms/performance-forms>).**
- 5) If rosters and/or individual class results are submitted to the APHA handwritten or submitted as an electronic spreadsheet in**

**an unacceptable format, the show secretary will be given the opportunity to resubmit the show results in the proper electronic format within 5 business days, otherwise the \$50 special handling fee per judge will be assessed in order to process the results.**

- 6) If you need judge cards, there is a template for printing judges' cards in the Show Management Manual. White card stock is preferable.**

## TIPS FOR SUBMITTING RESULTS ELECTRONICALLY

This is a list of the most common mistakes made on electronic results.

- 1) Each record on a diskette/attachment must contain the same show number and year. **Do not use the show reference number; use the individual judge show numbers.** Please double check to make sure you enter **the correct show number and year.** The reference number is intended for printed results only.
- 2) Horse's name and registration number indicated on results **MUST** match the registration certificate exactly or the entry will be incorrect. **Do NOT enter commas in the registration numbers.**
- 3) The exhibitor name and APHA ID number for **ALL** exhibitors **MUST** match the status cards exactly or the entry will be incorrect. **Include relationships on all entries in Youth, Novice Youth, Amateur and Novice Amateur. If no number, list exhibitor's initials in field.**
- 4) **All EXHIBITORS MUST HAVE APHA or AjPHA ID NUMBERS.** If an ID number is unavailable include exhibitor's address and enter their initials. Refer to the Record Layout.
- 5) Please use .dta or.txt files. May name file after show. Example: TucsonAz1.dta or SpokaneWa2.txt.
- 6) When entering the Youth Walk Trot classes, the correct codes start with WT0. The corresponding number code for each individual class see class code list. **The "0" in the class code is a ZERO, NOT the letter O.**
- 7) Include the Grand and Reserve Halter Horses on the correct records. Refer to Class Code list for proper codes for Open, Amateur and Solid Paint-bred Grand and Reserves. Results will be returned if not entered. Enter only one horse for Grand Champion and one horse for Reserve Champion for each sex and division.
- 8) You **must** enter the placing for the classes that do not have enough entries to make it a point class. You **must** enter the horses that have a "no time" or "DQ" from the judge as a non-placing entry.
- 9) Always use correct class codes. Refer to Class Code list. Remember to change the class codes on the judges' cards when class is combined or split.
- 10) **Numerical fields must use zeros and Alpha fields must use the letter O.**
- 11) Use all UPPER CASE LETTERS in Alpha fields.
- 12) APHA Approved Computer Software automatically uses format from Record Layout. If developing your own software see 'Show Results Electronic Specifications'.
