APHA BY-LAWS CHANGE RESOLUTIONS

CONTROL NUMBER: ART. VIII – This rule change proposal reorganizes Zones 12, 13 and 14 to better reflect our growing international membership, grouping Israel with Europe in Zone 12, combining Central and South America in Zone 13, and including all other countries in Zone 14.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: A reorganization of international zones is needed to better reflect our growing international membership. If this rule change proposal doesn't pass, the Israelis don't have a zone; Central America is excluded from Zone 13; and Zone 14 is limited to Australia, New Caledonia, and New Zealand, excluding all other countries. At the same time, we are not requesting additional zones as adding more zones is cost-prohibitive from a computer programming standpoint.

ORIGINATOR'S INTENT FOR CHANGE: Our intent is to reorganize the international zones to better reflect our growing international membership and regional clubs. Zone 12 should integrate Israel as it is the closest zone, and Israelis have competed at the Zone 12 Championship in the past. Zone 13 should encompass all Central and South American countries. Zone 14 should be expanded to include all other countries.

RULE BOOK CHANGE RECOMMENDATION:

GENERAL RULES RULE CHANGE RESOLUTIONS

CONTROL NUMBER: GR-070-1 – Any member or non-member found in violation of unsportsmanlike conduct and/or inhumane manner or treatment and placed on suspension will be denied access or presence at any APHA approved show or event.

EARLY IMPLEMENTATION REQUESTED: YES. Early implementation date to be determined by APHA staff.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Violations of inhumane manner or treatment and/or unsportsmanlike behavior are serious in nature. The APHA Board of Directors would like to take a stronger stance on such violations when a member and/or non-member has had their membership suspended for said violation through the disciplinary process.

ORIGINATOR'S INTENT FOR CHANGE: Violations of inhumane manner or treatment and/or unsportsmanlike behavior are serious in nature. The APHA Board of Directors would like to take a stronger stance on such violations when a member and/or non-member has had their membership suspended for said violation through the disciplinary process.

RULE BOOK CHANGE RECOMMENDATION:

GR-070. Disciplinary Procedure

- A. Any member may be disciplined, suspended, fined or expelled from the Association, and any member or non-member may be denied any and all privileges of the Association, or any registration certificate may be canceled whenever it shall have been established by satisfactory evidence that such member or non-member has violated any By-law, rule, or regulation of the Association. See Article VII and Rule SC-120.D.
- B. The Executive Director, his staff, and designees shall have sole authority to investigate possible or alleged violations of any by-law, rule, or regulation of the Association. Violations alleged or that can be verified by credible testing or complaints against any member may be initiated in any of the following manners:
 1. A written complaint, signed and dated. The individual filing the complaint must be prepared for full disclosure of the complaint to the party (parties) concerned in the complaint and must be prepared to appear at a hearing if deemed necessary.
 2. The Executive Director and/or the Board of Directors, upon learning of or acquiring information about a potential violation by any means, may institute a complaint/investigation against any member or non-member. Any member (person) involved in the complaint as a potential witness must appear (either in person or via teleconference) at a hearing if deemed necessary.
- C. When it is determined that there is sufficient cause for a hearing, the person charged with any alleged violation shall be given not less than twenty-one (21) days' notice of a time and place for hearing such allegations by the Board of Directors, at which time and place he shall have the opportunity, in person or by counsel, to be heard and to present evidence in his own behalf, and to hear and receive evidence offered against him.
 1. The Board of Directors shall have the authority to schedule a disciplinary hearing when he determines there is sufficient cause for a hearing. Additionally, a disciplinary hearing shall be held if it is requested by two members of the Board of Directors or by the President.
 2. Four members of the Board of Directors shall constitute a quorum for purposes of disciplinary hearing.
 3. Testimony may be taken at a hearing via telephone. Any person desiring to present testimony via telephone should notify all involved persons in writing, at least five (5) days prior to the scheduled hearing. This notice should contain the name, address and telephone number of each person who will testify via telephone. This provision is not intended to limit or preclude other appropriate procedures for offering testimony or evidence at hearings.

4. No continuance shall be granted unless requested in writing at least seven (7) days prior to the hearing, and good cause is shown. A continuance shall be granted or denied at the sole discretion of the President.
 5. The decision and action of the Board of Directors shall be final and binding on all parties.
- D. In regard to any violation of APHA rules or By-laws, as a part of its disciplinary action, the Board of Directors may revoke participation privileges in all APHA-approved events for determined or indefinite period, assess a fine (see E. and F. below); and may deny access to presence on show grounds. **Any member or non-member found in violation of unsportsmanlike conduct and/or inhumane manner or treatment will be denied access or presence at any APHA approved show or event during the suspension period.**

REGISTRATION RULES RULE CHANGE RESOLUTIONS

CONTROL NUMBER: RG-070 – Removes verbiage requiring minimum areas of contrasting color on a predominantly white horse in order to qualify for APHA Regular Registry.

EARLY IMPLEMENTATION REQUESTED: At earliest opportunity, as this could affect registration eligibility of horses and efficiency of registration processing.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Current rulebook verbiage requiring a minimum area of contrasting pigmentation on an otherwise white horse (a giant white spot, caused by multiple spotting patterns) sometimes results in misclassification in the Solid Paint-Bred Registry or renders a horse ineligible for APHA registration. This fails to accurately capture and preserve the white-spotting genetics of these horses with Regular Registry classification. Removing the verbiage requiring minimum areas of contrasting pigmentation will result in more accurate registration rules with greater customer ease and satisfaction.

ORIGINATOR'S INTENT FOR CHANGE: The combination of white-spotting patterns can and does produce predominantly white horses that might not have contrasting areas of pigmented skin on their coat. Rulebook verbiage currently places these horses in the Solid Paint-Bred Registry (white solid) if they can't demonstrate minimum areas of contrasting pigmentation in the qualifying area, or might render them ineligible for registration. Eliminating the verbiage requiring a minimum area of contrasting pigmentation helps these horses classify into the Regular Registry where they belong with greater efficiency & less frustration to the owner while preserving their valuable white-spotting genetics.

RULE BOOK CHANGE RECOMMENDATION:

RG-070. Color Requirements

- A. A horse meeting bloodline requirements outlined in Rule RG-015. must have a definite "natural Paint marking" or meet the requirements set forth in RG-070.E. Exception: If the foal is the result of an APHA-registered sire and APHA-registered dam, with at least one parent being Regular Registry and with at least one parent having at least three generations of Paint bloodlines.
- B. For the purpose of this rule, the term "natural Paint marking" shall mean a predominant hair coat color with at least one contrasting area of solid white hair of the required size with some underlying unpigmented skin present on the horse at the time of its birth. This solid white area must be in the prescribed zone depicted in the illustration below. ~~In the event the horse has a predominantly white hair coat, the term "natural Paint marking" shall mean at least one contrasting area of the required size of colored hair with some underlying pigmented skin present on the horse at the time of its birth. This colored area must be in the prescribed zone depicted in the illustration below.~~
- C. The "natural Paint marking" as described in B above must extend more than two inches (2") and be in the prescribed zone depicted in the illustration below.

Figure A

- D. The “natural Paint markings” on a horse with both parents registered as described in Rule RG-015. may be anywhere on the horse’s body or legs as described below:
1. Behind reference point 1. Reference point 1 runs from the base of the ear forward horizontally to the base of the other ear, from the base of the ear to the outside corner of the eye, continuing to the corner of the mouth, then from the corner of the mouth, under the chin, to the other corner of the mouth.
 2. Above Reference point 2. A level line around the leg at the center of the knee. (The center of the knee is determined by using the bony protrusions on the back of the knee as the starting point and drawing a level line horizontally around the knee).
 3. Above Reference point 3. A level line around the leg at the point of the hock. (This hock line is determined, starting at the point of the hock and drawing a line horizontally around the hock).
 4. The “natural Paint marking” need not be visible from a standing position.
 5. Non-qualifying areas include but are not limited to the following locations:
 - a. Eyeballs;
 - b. Lips of vulva;
 - c. Shaft of penis;
 - d. Inner sheath not visible without physical manipulation of the area.
- E. If a horse with one or two APHA-registered parents does not exhibit a natural Paint marking (as described in B-C above), or if eligibility can’t be determined based on photographs, Regular Registry status will be granted if the horse meets the following criteria:
1. TWO PAINT PARENTS: Horse must possess at least one Paint trait (see G. below) and APHA approved genetic testing confirms that the horse carries at least one Paint pattern gene.
 2. ONE PAINT PARENT: Horse must possess at least two Paint traits (see G. below) and APHA approved genetic testing confirms that the horse carries at least one Paint pattern gene.
 - a. EXCEPTION—TOBIANO GENE. Horses that carry the Tobiano gene (confirmed through DNA genetic testing at an APHA-approved lab) must have at least one APHA registered parent and one Paint trait (see G. below).
 - b. EXCEPTION—MULTIPLE PATTERN GENES: Horses that carry multiple Paint pattern genes (two or more, confirmed through DNA genetic testing at an APHA-approved lab) must have at least one APHA registered parent and one Paint trait (see G. below).
- F. To be eligible for registration in the Regular Registry, a horse must possess one additional Paint Horse trait (see RG-070.G.) that need not be visible from a standing position if the “natural Paint marking:
1. Occurs in an extension of a high stocking beyond reference point 2 or reference point 3. The “natural Paint marking” must extend above the reference line by more than 2 inches (either horizontal or vertically), be one solid white area and have some underlying unpigmented skin.
 2. Occurs in an extension of a face marking beyond reference point 1 (either horizontally or vertically). The “natural Paint marking” must extend behind Reference point 1 by more than 2 inches, be one solid white area and have some underlying unpigmented skin.
- G. Additional Paint Horse traits for the purposes of this registration rule are listed below. These traits alone do not qualify a horse for the Regular Registry.
1. White leg markings;
 2. Glass, blue or watch eye(s);
 3. Apron face or bald face, described as outside a line from the inside corner of the eye to the inside corner of the nostril;
 4. White on the jaw or lower lip;
 5. Blue zone around a “natural Paint marking”;
 6. Two-color mane or tail, one color being natural white;
 7. Dark spots or freckles in white hair on the face;
 8. White areas in the non-visible zone, excluding the head, completely surrounded by a contrasting color;

9. A contrasting area of another color in the non-visible zone, including 60 the head, on a predominantly white horse.
 10. Ink spots/paw prints and/or coronet spots
- H. Any horse registered in the Regular Registry which has marginal coat color which may not be easily observable or who has qualified under RG-070.E. shall have noted in the “remarks” section of their registration certificate the location of the qualifying area. If inspected, the date of inspection shall be noted.

CONTROL NUMBER: RG-090 – Allows members the use of numbers when naming a horse.

EARLY IMPLEMENTATION REQUESTED: YES. Early implementation date to be determined by APHA staff.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: To allow horse names to include numbers. Given the number of APHA registered horses, along with the number of horses registered with multiple associations, greater flexibility in naming is needed.

ORIGINATOR'S INTENT FOR CHANGE: The intent is to allow the use of numbers when naming a horse for greater flexibility.

RULE BOOK CHANGE RECOMMENDATION:

RG-090. Naming a Horse

- A. Each horse offered for registration must be given a name acceptable to APHA, not to exceed twenty-one (21) letters, **numbers**, and spaces, which does not conflict with the name of any other APHA-registered horse.
- B. No ~~Arabic or Roman numerals~~ **special characters** or punctuation marks, i.e. apostrophes, are permitted in a name.
- C. A name may be reserved for a period of one (1) year from the date the written request is received. A Name Reservation fee must accompany the written request. If the name is not used within the one year time period, the name will be released without notice, unless prior to the expiration of the reservation, the name is again reserved for another year period and the appropriate fee is again paid. See fee schedule in front of Rule Book.

CONTROL NUMBER: RG-100 – Simplifies and removes duplication of information in the existing RG-100 rule for enhanced readability and comprehension.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The Breed Integrity Advisory Committee was charged to review RG-100 for efficiency and improved readability/comprehension. Reordering the information, clarifying details and removing redundancies will help enhance readability and general member comprehension.

ORIGINATOR’S INTENT FOR CHANGE: Simplifying and reordering the information and removing redundancies will help enhance readability and general member comprehension.

RULE BOOK CHANGE RECOMMENDATION:

RG-100. Breeder and Breeder’s Certificate

- A. **The Breeder.** The breeder of a horse ~~shall be~~ **is** the recorded owner **or lessee** of the dam at the time of ~~service-breeding, per APHA records~~ **service-breeding, per APHA records** ~~except when a mare is held under lease at time of breeding (and written notification of such lease signed by the lessor is on file with APHA at the time of registration), in which event the registration certificate shall show the lessee as the breeder.~~
- B. **Breeder’s Certificate.** A breeder’s certificate **or completed registration application** signed by the recorded owner(s) of the sire at time of service must be submitted ~~with application for registration.~~ The dates on the breeder’s certificate/**registration application** and the stallion breeding report must correspond, or the Director of Registration may require a corrected breeder’s certificate and/or stallion breeding report, whichever is necessary.
Exceptions:
1. ~~If applicant was the recorded owner of the sire and dam at time of service, a breeder’s certificate is not required.~~
2. **1.** If the application of registration is being made through APHA’s online service, the breeding must be released by the stallion owner prior to applying for online registration. The release of breeding by the stallion owner can be done ~~either~~ online or by submitting the signed breeder’s certificate/**registration application** ~~to the online team for in-house APHA for release.~~
- C. **Signatures.** ~~The signature of the sire owner/lessee at time of breeding and dam owner/lessee at time of foaling is required on the breeder’s certificate/registration application. Authorized agents may sign applicable documents if such signature authorization is on file with the association regarding the applicable member, horse and/or document type (see RG-035). If under a breeding lease, the lessee’s signature or that of their authorized agent, is required (see RG-140). When a stallion is bred under a lease agreement, notice of which is filed with the Association office, the Association will accept only the signature of such lessee or lessee’s authorized agent on breeders’ certificates and stallion breeding reports for breedings which occurred during the effective period of the lease.~~
- D. ~~Upon cancellation or other termination of any such lease agreement, the owner shall immediately give written notice to the Association and to the lessee, and signature of such lessee on breeders’ certificates or stallion breeding reports will not thereafter be recognized except as to breedings which occurred prior to the date of termination.~~
- E. ~~When written authorization (on a form furnished by the APHA upon request) has been filed in the APHA office, the Association will accept the signature of such authorized individual on a breeder’s certificate. The written authorization must be signed by the record owner(s) of the horse specified in such authorization.~~
- F. ~~On a breeder’s certificate, the Association shall recognize the signature of any one of the joint owners of a stallion if such owner is named on the horse’s current registration certificate. If such recognition is not to be permitted, or is to be limited otherwise, the joint owners shall file in the APHA office a written agreement to that effect, signed by all such joint owners.~~
- G. ~~If a mare is served by more than one stallion during the season, breeder’s certificates signed by the recorded owner of each stallion involved, giving the dates of service, may be required by the Association.~~

- H. **D.** No person shall make any alterations to information on breeders' certificates. A breeder's certificate on which information has been changed ~~shall is not be~~ acceptable for **registration** ~~the purpose of registering a horse.~~
- I. **E. Stallion Breeding Report Flag.** If the stallion owner has reason not to issue a signed breeder's certificate, or to release the breeding so that the resulting foal can be registered, he/she should contact the APHA office in writing with a letter of explanation as to why the breeder's certificate is being withheld. A specific reason, including but not limited to nonpayment of the stallion breeding fee, must be cited.
1. To release this hold, the stallion owner must submit a signed and notarized release or issue a notarized breeder's certificate directly to APHA.
 2. In the event the mare owner or foal applicant wishes to challenge the stallion owner's claims, ~~he they~~ must pursue it through a court of law. Monetary judgments are not sufficient. ~~and the court,~~ If finding in favor of the mare owner and the stallion owner is required by the court to sign the breeder's certificate, the court must specifically so state in its final order; a certified copy of the court order must ~~which can~~ be submitted to APHA. The stallion owner's failure to comply with the order of the court may result in APHA proceeding with the registration based on the documentation provided after attempting to get the signed breeder's certificate.
- J. **F. Breeder's Certificate Indemnity.** If the stallion owner does not respond to requests for release of or to sign a breeder's certificate/**registration application**, a procedure called Breeder's Certificate Indemnity may apply. This process applies in situations where the stallion owner cannot be located or will not respond. However, if there is any type of a dispute between the sire/mare owner, it may not apply. If the stallion owner refuses to sign a breeder's certificate/**registration application** or advises that a dispute exists, then APHA may not proceed with the registration until a valid breeder's certificate is received. Note: Any disputes between the parties involved must be resolved upon mutual agreement or pursued in a court of law. Monetary judgments are not sufficient to register the foal unless the stallion owner is instructed by the court to sign the breeder's certificate and continues to not comply. A copy of the court's judgment ~~is would be~~ required if applicable. To begin this process, remit the following items:
1. Copy of the breeding contract and copy of the cancelled check(s) showing payment of breeding fees and mare care.
 2. **APHA** Breeder's Certificate Indemnity agreement, completed and **notarized** ~~signed in the presence of a notary.~~
 3. A signed registration application, fees and photographs, if not already submitted, must be sent to APHA.
 4. If one of the above-listed items cannot be provided, ~~send~~ **include** a letter of explanation and any other documentation available.
 5. Once **required material is provided and processed, APHA will attempt to contact the stallion owner for their signature on the breeder's certificate and breeding report, if applicable. Parentage verification of the foal is required. If parentage is confirmed through DNA testing, and only** if the stallion owner does not respond ~~and parentage proves correct, will~~ the file **will** be presented to the Registration Review Committee for approval.
 3. ~~Full parentage verification through DNA genetic testing—remit fee per kit for the dam and foal. DNA fees are non-refundable. See fee schedule in front of Rule Book.~~
 4. ~~A letter from APHA to the stallion owner requesting a breeder's certificate, (see note above).~~
 6. ~~Preferably the applicable stallion breeding report will be on file; if not, APHA may waive, in its sole discretion, and/or take possible disciplinary action against the stallion owner, once parentage verification is completed.~~
 7. ~~The in-house Registration Review Committee must approve registering the foal without the signed breeder's certificate based upon parentage verification proving correct. If parentage verification cannot be completed for whatever reason, the registration may be denied.~~
- K. **G.** If a horse is registered using the breeder's certificate indemnity process (see Rule RG-100.J.5.F.) ~~because DNA testing verified its parentage as correct,~~ APHA may pursue the stallion owner to file the

requisite stallion report **and/or other materials.** ~~Failure to comply may result in disciplinary action against the stallion owner.~~ **APHA reserves the right to pursue, in its sole discretion, possible disciplinary action against the stallion owner.** See Rule GR-060.A.

RELATED RULES:

RG-110. Stallion Breeding Reports

- D. If an application is received, accompanied by a properly completed and signed breeder's certificate, and the stallion owner or lessee fails to file a properly completed and signed stallion breeding report accompanied with the required fees, the Association may suspend the stallion owner or lessee under the provision of Rule GR-060. A. of the disciplinary procedures, if stallion owner or lessee has failed to comply with Rules GR-060. A. and RG-110., after due notice. Due notice shall be the same as specified in RG-105.C. After final notice, and if the stallion owner is suspended, application may be presented to the Board of Directors for possible registration without stallion report documentation or compensation. Exception: See Rule RG-100.~~J. F.~~

SHOW AND CONTEST RULE CHANGE RESOLUTIONS

CONTROL NUMBER: SC-020 – This RCP allows Dressage and Mounted Shooting to count towards all APHA “all-around” perpetual awards.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The current rules for the APHA Superior All-Around, Champion, Performance Versatility, Superior Amateur Champion, and Superior Youth Champion exclude Dressage from all and Mounted Shooting from some of these awards. As classes that have low attendance and are areas for growth in APHA, excluding these classes from these awards only serves to isolate them and discourage growth. If a Paint Horse is versatile enough to have enough points in one of these classes to help it achieve one of these awards, we should be rewarding them for their efforts, not restricting them. The Calas & Colas events even count towards these awards, so why shouldn't Dressage and Mounted Shooting? This would also help to simplify APHA's award rules by removing exceptions and exclusions.

ORIGINATOR'S INTENT FOR CHANGE: The intent for this rule change is to allow Mounted Shooting and Dressage to count towards all higher perpetual awards that APHA offers.

CONTROL NUMBER: SC-055 – Eliminate SC-055 Classification of Shows and related Champion Award requirements for earning Halter points in A or B classified shows.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Classification of horse shows is an outdated concept that dates to the beginning of the association and a time when stallions were inspected for registration. The show classification makes it difficult for exhibitors to determine their progress in achieving a Champion award as that information is not readily available requiring APHA staff to manually determine for members. An APHA point earned in Halter is still an APHA point, regardless of show size.

ORIGINATOR’S INTENT FOR CHANGE: To reduce unnecessary confusion by exhibitors and staff time when determining the progress of a horse’s pursuit of a Champion award.

CONTROL NUMBER: SC-065 – Should an Amateur or Youth have 2 eligible horses in Grand and Reserve, an Amateur or Youth must handle the second horse.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: To clarify who may handle a horse in Amateur and Youth Grand and Reserve Classes should the Amateur or Youth have 2 horses eligible for Grand & Reserve and to align with industry standard. There have been several incidences where a Trainer or Open Exhibitor have led a horse into Grand & Reserve for a Youth or Amateur. If not passed, there will continue to be a perception of unfairness when this situation arises.

CONTROL NUMBER: SC-090 – In times of declining entry numbers options this rule change would prevent that shows are too close to each other, taking exhibitors away from each other.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Waiving the mileage / kilometer restriction if shows are held in different countries in Europe does not make any sense. People are crossing borders to show if it's close to them. Shows are killing each other if they are too close to each other, so the mileage restriction should stand regardless of borders.

ORIGINATOR'S INTENT FOR CHANGE: To keep shows the best they can be they should not interfere with each other. That also applies to shows held in different European countries.

4. Maximum events: A maximum of 3 Special Event categories may be held as listed below.
~~EXCEPTION: Upon written request, in special cases the Board of Directors of the Association may approve single classes for APHA points. Such APHA approved classes must use an approved APHA judge(s) and the horse show must utilize the show rules as set forth in this Rule Book.~~

CONTROL NUMBER: SC-135 – Removes Sifting from the rule book which is an outdated term and removes language about arranging class placings which is erroneous.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: One of the priorities for the Rules Advisory Committee is to review the rule book for outdated and erroneous language. Sifting and arranging class placings is outdated and erroneous respectively.

ORIGINATOR’S INTENT FOR CHANGE: To remove outdated and erroneous language in the rule book.

RULE BOOK CHANGE RECOMMENDATION:

SC-135. Ring Steward

- ~~F) SIFTING. It is important that the ring steward be familiar with the procedure of sifting, when the classes are large and the judge requests that he/she line them up for the first sift, the second sift, and so on, until the judge has his class ready.~~
- ~~G) ARRANGING CLASS PLACINGS. The ring steward shall assist in arranging the class winners the same in every class. The public has a right to know how the various horses placed. Example 1st through 7th or 7th through 1st.~~
- H) **F. GRAND AND RESERVE JUDGING.** When the judge has completed the judging of halter classes of one sex division, then the steward shall call all first and second place class winners into the ring. Steward shall assemble the first place class winners in one line and the second place class winners in another.

RELATED RULES:

JU-000. Judge Rules and Regulations

- H. **AUTHORITY AND RESPONSIBILITIES OF APHA JUDGES.** A judge has the authority to place a horse in whatever position in a class he thinks the merit of the horse justifies when compared to the standards for halter classes or movement and gaits for performance classes. His/her decision shall be final in all cases in the placement of the horses in the class. Once a class has been judged it shall not be rejudged, and once the judge has marked his final record there shall be no changing of places. If clerical corrections, initiated by show official(s) (typically announcer, but could also be show secretary or manager) are made to a judge’s card or score sheet, they must be approved and initialed by the judge. Clerical errors must be corrected before the results are submitted to APHA. If such a correction must be made to judge scoresheet or placing card after the judge is no longer at the show, signed corrections must still be made, either physically or electronically.
1. The judge must list all contestant numbers through seven (7) entries, including disqualifications.
 2. Entry Tally. Each judge shall be responsible for independently tallying the correct number of entries actually exhibited in each class he/she judges. It is the judge’s responsibility to retain these numbers for one year in the event of discrepancies.
 3. Eligibility Of Entries. No judge shall determine the eligibility for registration of an entry in the ring and shall at all times refrain from making comments regarding such.
 4. Bad Conduct Of Exhibitor. A judge may order any person or horse from the competition for bad conduct of one or both.
 5. ~~“Sifting” Or Elimination Committee. A Judge of any show or contest may also be on any “sifting” or elimination committee necessary.~~
 6. Judging Of Classes. Only one judge may be used for halter and performance classes. Ancillary judges may be used to judge individual work classes, and will be aligned with the main judge, to be considered as one complete show. If more than one judge is to be used, the classes to be judged by ancillary judges shall be publicized prior to the show.
 - a. In a multi-judge situation, all judges do not have to be present in the speed event classes; however, there must be a minimum of one judge judging the classes.
 7. Patterns. Judges are responsible for the correctness of all patterns used in approved classes.
 8. A judge must submit all APHA-approved score sheets for all scored classes to show management, which should be posted for viewing (electronically or a photocopy) after each class to allow riders to evaluate their performance.

CONTROL NUMBER: SC-175-1 – To allow open halter classes to be offered as Junior and Senior age divisions.

EARLY IMPLEMENTATION REQUESTED: YES. Early Implementation Date To Be Determined By APHA Staff.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: To make halter class offerings consistent across all divisions. Halter classes are already offered as Jr and Sr for the Amateur, Youth and Solid Bred divisions. In practice, shows are offering yearling and 2 year old open halter classes combined for mares and stallions as well. This change would allow show managers greater flexibility to offer classes that fit their exhibitor demographic.

ORIGINATOR'S INTENT FOR CHANGE: To allow open halter classes to be offered as Junior and Senior age divisions.

RULE BOOK CHANGE RECOMMENDATION:

SC-175. Halter Class General Rules

L. HALTER CLASSES: The following halter classes for mares, stallions and geldings are recommended for every show:

1. Weanling foaled in calendar year of show.
2. Yearling foaled in calendar year preceding show.
3. Two-year-old.
4. Three-year-old.
5. Four-year-old and older.
6. **Or, halter mares may be combined as follows:**
 - a. **2 and Under.**
 - b. **3 and Over.**
7. Performance Halter Mares. For horses aged one year and older. Horses are not eligible to compete in other classes listed in SC-175 at the same show or contest. Horses that complete a minimum of one performance class, other than showmanship, at the same show or contest will be eligible.
 - a. Jr. and Sr. classes may be offered if minimum requirements have been met.
 - 1) Junior Mares, ages one year and two years.
 - 2) Senior Mares, ages three years and over.
8. Broodmares. Mares shown in the broodmare class are not eligible to compete in any other classes listed in SC-175.M.1.a.- f. at the same show or contest. Only mares which have conceived and carried a full term foal in the current or previous year are eligible. If the foal has not been registered out of the mare during this period, a Broodmare Eligibility form advising status of the full term foal must be signed by the owner of the mare upon entering the class or each exhibitor competing in a broodmare class must possess a broodmare status card. Show management must inspect this card at any show entered. Application for a broodmare status card can be made by sending a written statement with all pertinent information to APHA.
9. Grand and Reserve Champion Mare.
 - a. Grand Champion Mare, chosen from first-place winners. Exception: If for any reason the first-place horse fails to return for grand and reserve, the second-place horse can be considered for the grand or reserve champion placing.
 - b. Reserve Champion Mare, chosen from second-place winner in the Grand Champion mare's class and first-place winners in other classes, all remaining second-place horses may be excused. EXCEPTION: If for any reason the first-place horse fails to return for grand and reserve, the second-place horse can still be considered for the reserve grand champion placing.
10. It is mandatory that all approved shows select Grand and Reserve Champions in each sex division from those classes exhibited (including weanlings) when there are at least three 1-year-old or older

horses exhibited in that sex division. See Rules SC-065. and SC-175. APHA will so note the awarding of the title of Grand Champion and Reserve Champion Stallion, Mare and Gelding will be designated on the performance record only when at least three horses are exhibited in that sex division. If a weanling is selected as Grand or Reserve Champion, then the award will be designated on the performance record but no points will be awarded to that individual horse.

CONTROL NUMBER: SC-175-2 – Wording is consistent with industry standards.

EARLY IMPLEMENTATION REQUESTED: YES. Early implementation date to be determined by APHA staff..

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Wording is consistent with industry standards. APHA does not have staff to “police” horse show schedules. Frequently the open classes are held prior to amateur and/or youth. It is not in APHA best interest to have rules which are not enforceable, nor create a situation where it might have to discipline an organization hosting and supporting APHA by holding approved horse show(s). This wording was probably put in during a time when there was not a grand and reserve for Youth and/or Amateur and halter was perhaps all ages for those divisions?

ORIGINATOR’S INTENT FOR CHANGE: Wording is consistent with industry standards

RULE BOOK CHANGE RECOMMENDATION:

SC-175. Halter Class General Rules

CONTROL NUMBER: SC-180 – Removes Exhibitor Group, Sire & Get and Mare & Foal classes due to their lack of being held.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: One of the priorities of the Rules Advisory Committee is to review the rule book for outdated, erroneous or confusing language. Exhibitor Group and Sire & Get classes have not been held since their inception. Mare & Foal classes have not been held since 2013.

ORIGINATOR'S INTENT FOR CHANGE: The intent of the rule is to update and remove outdated information.

RULE BOOK CHANGE RECOMMENDATION:

SC-180. Group Halter Classes

A. **ADDITIONAL CLASSES.** The following are additional classes that are recommended if interest or entries justify them, but no points will be awarded. Horses shown in a group class must be eligible for or registered in the Regular or ~~Appendix~~ **Solid Paint-Bred** Registry to show in their individual halter class at that show.

1. Produce of Dam. Two produce, either sex, Regular Registry or Solid Paint-Bred, can show. At least one horse shown must be Regular Registry. Dam must be registered with the APHA, but need not be shown nor need produce be owned by owner of the dam.

2. Get of Sire. Three get, either sex, Regular Registry or Solid Paint-Bred, can show. At least two horses shown must be Regular Registry. Sire must be registered with the APHA, but need not be shown nor need get be owned by owner of sire.

~~3. Mare and Foal. Mare with one of her foals to be shown. Foal must have been foaled within the current calendar year. Mare and foal do not have to be owned by the same owner. Mare must have a number in Regular Registry.~~

~~4. Sire and Get. Sire with two get to be shown. Sire and get do not have to be owned by the same owner. Horses shown as the get in this class will be limited to horses four years old and younger. Sire must have number in Regular Registry.~~

~~5. Exhibitor's Group. Group of four head, any age or sex, all owned by the exhibitor and recorded in the Association office to that one ownership.~~

CONTROL NUMBER: SC-191 – This Rule Change Proposal would give shows the option of holding Yearling Longe Line as either Yearling Longe Line, or Hunter Yearling Longe Line and Western Yearling Longe Line.

EARLY IMPLEMENTATION REQUESTED: Early implementation is requested for April 1st, since this class cannot be held until May 15th of each year.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Shows with large entries in their Yearling Longe Line classes have expressed interest in being able to split the class out by Hunter and Western prospects, as is done at the APHA World Show. The Competition Committee is submitting this rule change proposal to allow this option for shows, while still allowing shows with smaller entries to have the Hunter and Western prospects show together as they normally do. When split out between Hunter and Western Yearling Longe Line, the points earned in those classes will still accumulate towards the Longe Line ROM, Superior, and Honor Roll, as is currently done for classes like Open Western Pleasure, Jr Western Pleasure, and 3yo Western Pleasure.

ORIGINATOR’S INTENT FOR CHANGE: To give shows with large Yearling Longe Line class entries the option of splitting the class between Hunter and Western-Type prospects, as is done at the APHA World Show. Shows with lower entries will still have the option to hold the class as just Yearling Longe Line, and will have the option of combining the classes if entries are low in one of the classes, just like the Amateur age divisions.

RULE BOOK CHANGE RECOMMENDATION:

SC-191. Yearling Longe Line.

- A. Class is limited to yearlings. This class will not be approved prior to May 15 for the year approval is requested. Exception: Zone 12, 13 and 14, two year-olds may also be exhibited. Points in this class will be applied toward an ROM and all year-end titles and awards. World Show points do not count toward year-end awards. Points in this class will not count toward an APHA Championship or any other APHA lifetime awards.
- B. A show may have may hold up to two approved Yearling Longe Line classes.**
 - 1. If one Yearling Longe Line class is offered, this class will be open to both western- and hunter-type prospects.**
 - 2. If two Yearling Longe Line classes are offered, these classes will be offered as Hunter Yearling Longe Line and Western Yearling Longe Line, with horses and exhibitors turned out accordingly.**
 - 3. If two Yearling Longe Line classes are offered, Show management may combine the classes if one is not a two (2) point earning class.**
- C. The purpose of showing a yearling on a longe line is to demonstrate that the horse has the movement, manners/expression/attitude, and conformation to become competitive under saddle. Therefore, the purpose of this class is to reward:
 1. Quality of movement
 2. Manners/Expression/Attitude
 3. Conformation suitable to future performance, and the horse should be judged with its suitability as a future performer under saddle in mind. This class should define what it means to be a “Western pleasure prospect” or “hunter under saddle prospect.” Because these are yearlings, they are not expected to demonstrate the behavior or quality of a finished show horse, but only that performance necessary for a reasonable presentation to the judge.
- D. Equipment. Horses are to be shown in a halter. Either a regular or a show type halter is acceptable. For the longeing demonstration, the only attachment allowed to the halter is a longe line. The longe line may not exceed 30 feet with a snap attached to the halter. The longe line must hang free from the halter without touching any part of the horse. It is permissible to use a longe whip however, disqualification will occur if the exhibitor blatantly strikes the horse with the whip to cause forward or lateral movement

at any time during the longeing demonstration. No other equipment is allowed on the horse during longeing demonstration portion of the class. Mechanical or retractable longe lines are not allowed. For the conformation inspection, a lead shank, such as used in halter or showmanship classes may be exchanged for the longe line prior to the longeing demonstration. Exhibitors are not to be penalized for using regular halters and plain longe lines, nor are they to be rewarded for using show halters and show longe lines. Only movement, manners/expression/way of going, and conformation are being judged. The type of equipment used is not to be a consideration in placing the horse as long as the equipment meets the requirements stated above.

- E. Attire. Conventional Western attire is mandatory according to SC-235 except if a prospect is considered to be a Hunter prospect, the mane may be braided and conventional English attire is suggested according to SC-195 (flat caps and fedoras are also acceptable). The type of attire worn by the exhibitor is not to be a consideration in placing the horse as long as the attire meets the requirements stated above.
- F. Gaits to be judged according to APHA rules for gaits for Western pleasure (SC-241) and hunter under saddle (SC-201). F. The conformation inspection will occur as the horse is walked into the arena prior to the longeing demonstration at which time the judge will also evaluate the horse for conformation suitable for future under saddle performance. The judges may not discriminate for or against muscling, but rather look for a total picture, emphasizing balance, structural correctness, and athletic capability. Each entry will be walked into the arena to the judge and pause for evaluation individually. They will then trot off straight and around a cone and take a place on the wall inside the arena. All entries will be inspected in this fashion and as the “trot-off” is administered, horses showing evidence of lameness should be excused from the class at that time.

CONTROL NUMBER: SC-192– In times of declining entry numbers options to get people together should be explored, especially in regions with smaller shows or shows with small entry numbers. The RCP changes the international exception to one, that brings benefit to everyone holding small events.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The following RCP is to change the international exception for two-year-old horses to be shown in a combined yearling & two-year-old class to an exception for ALL single- & two-judge shows. POR's & Zone Shows will be required to hold classes for each age division.

ORIGINATOR'S INTENT FOR CHANGE: The reason behind this exception for international shows was to have classes besides halter for the 2-yr-old horses which are not shown under saddle. Since there was no two-year old Longe Line when the exception was originally created, the 2-Yr-olds were allowed to show with the yearlings. However, as there is now the possibility to have separate classes, this exception should be changed to give ALL smaller shows – regardless of where they are held - the option, to combine their small non-point-earning yearling and two year old classes to a point earning combined yearling & two-year-old class.

RULE BOOK CHANGE RECOMMENDATION:

SC-191. Yearling Longe Line

- A. Class is limited to yearlings. This class will not be approved prior to May 15 for the year approval is requested. ~~Exception: Zone 12, 13 and 14, two year olds may also be exhibited.~~ **Exception: Two-year-olds may be exhibited in a combined yearling and two-year-old class at single & two-judge shows.** Points in this class will be applied toward an ROM and all year-end titles and awards. World Show points do not count toward year-end awards. Points in this class will not count toward an APHA Championship or any other APHA lifetime awards.

CONTROL NUMBER: SC-201-1 – Add back to the English Performance gaits

EARLY IMPLEMENTATION REQUESTED: YES. Early implementation date to be determined by APHA staff.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Add back to the English Performance gaits

ORIGINATOR’S INTENT FOR CHANGE: Add back to the English Performance gaits

RULE BOOK CHANGE RECOMMENDATION:

SC-201. English Performance Gaits

D. THE CANTER:

1. Extremely Poor Canter: This is a horse that does not have a true threebeat gait. He has no cadence, no rhythm, and no balance, appears out of sync and obviously is not comfortable to ride. This may also be a horse that is misbehaving and is unwilling to perform the gait properly and therefore is not exhibiting acceptable motion.
2. Very Poor Canter: This is a horse that may appear to have a three- beat gait but lacks self carriage. He may be flat in that he has either not rounded his back, or failed to engage his hindquarters and therefore lacks drive, impulsion and suspension. He may be weak hocked causing him to pull himself forward with his front end or he may not be balancing off his hindquarters causing him to be heavy on his forehand. This horse may lack forward motion, smoothness of gait, or consistency of speed. He may not use his shoulders properly causing excessive knee action. He may be showing on loose reins and be strung out and lacking collection or be nervous and on the muscle causing a shortening or quickening of stride.
3. Poor Canter: This is a horse with an average motion, exhibiting negative characteristics in his performance. For example, this horse may have an average canter but be lacking in expression or lack consistency in his top line.
4. Correct Or Average Canter: This horse has a true three-beat gait with a level top line, and a comfortable motion. This is the standard canter and a horse **MUST** have a true three-beat gait to be considered “average” or any of the levels higher than “average”. He is shown on light contact and is responsive to his rider and has a relaxed appearance with a pleasant expression.
5. Good Canter: This is a horse with an average motion, exhibiting positive characteristics in his performance. For example, this may be a horse with an average canter gait but has great expression, consistency and lovely manners.
6. Very Good Canter: This is a horse that has more style, drive, impulsion and suspension than the average horse. He has a strong but smooth drive from behind. He may bend his knee a little or not have quite the length of stride of the excellent horse, yet he still has a level top line and relaxed appearance, is correct and appears to be comfortable to ride. He has a pleasant expression and is responsive to his rider and shown with light bit contact.
7. Excellent Canter. This is a horse that utilizes his top line by rounding his back, engaging his hindquarters to drive his hind legs deep underneath him creating impulsion and suspension in his motion. He has a strong, deep, forward stride behind and an equally forward, flat-kneed reach with his front legs. He appears effortless and totally in control of his motion with great self carriage. He creates energy yet stays soft and responsive to his rider. His weight is distributed properly onto his hindquarters and he moves with long, slow strides. He gives the appearance that, if asked, he could easily lengthen his stride and correctly perform a hand gallop. This horse has a great degree of suspension, impulsion and elasticity to his movement. He has great expression with ears forward and is consistent, relaxed and confident with light bit contact.

E. Back. Horses should back on command, quietly, willingly and easily in a straight line without resistance. Jawing, resisting or tossing of the head should be penalized.

1. **A Poor Back appears resistant or heavy in front. He/she may gap his/her mouth, throw his/her head or back crooked.**

2. **An Average or Correct Back is straight and covers at least one horse length. The horse is smooth and quietly receives light contact without hesitation.**
3. **A Good Back displays balanced and smooth flowing movements with self-carriage. The horse should back straight at least one horse length quietly and without gapping his mouth. The back should be done smoothly with light contact and without hesitation.**

CONTROL NUMBER: SC-214-1 – This RCP lowers the minimum allowed height in all over fences classes except for Hunter Hack.

EARLY IMPLEMENTATION REQUESTED: Early Implementation is being requested so that shows can use these new jump height parameters as soon as possible.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The Competition Committee feels that there is a large jump when progressing from showing in a 2'-3' Hunter Hack class to a full over fences class that would have a minimum allowed height of between 2'6 to 3'. Lowering the minimum allowed height would give exhibitors a chance to progress more easily to full over fences classes. It would also give Hunter/Jumper shows more options of what classes to hold the APHA classes concurrently with if they were not bound by APHA's restrictive minimum jump height rules.

ORIGINATOR'S INTENT FOR CHANGE: The intent of this rule change is to offer shows and exhibitors an additional steppingstone when progressing from Hunter Hack to the full course over fences classes, by allowing those classes to be held at a lower height. This also makes holding a Hunter/Jumper APHA Special Event easier, as show management can more easily hold APHA classes concurrently with the classes they feel appropriate by not being as restricted by minimum jump heights.

RULE BOOK CHANGE RECOMMENDATION:

SC-214. Green Working Hunter

- A. Eligibility. One class to include both:
1. Horses in their first year of showing in approved APHA shows in green working hunter.
 2. All other horses that have shown during the previous year(s) in APHA approved working hunter, green working hunter, or jumping, but have not won more than a total of twenty-five (25) points in open, amateur, novice or youth working hunter, green working hunter or jumping events as of January 1 of the current show year.
 - a. Once a horse has earned twenty-five (25) points in Green Working Hunter, it will no longer be eligible to compete in this class in subsequent years.
- B. Year Long Eligibility. If a horse is considered eligible on January 1, it may continue to be shown for the calendar year, in this class, regardless of points earned.
- C. Fence Heights. ~~Two feet, six inches (2'6") (76.12cm)~~ **Two feet, three inches (2'3") (68.5 cm)**-three feet (3') (91cm).
- D. The same rules shall apply in green working hunter as apply in junior, senior and all-ages working hunter.
- E. Horses showing in this event may also enter their respective Working Hunter class (Junior, Senior, All Ages) at the same show. Note: Green Working Hunter does not count for show all-around or high-point awards.
- F. Points earned in this class will count for all APHA awards. Exception: APHA Championship, Superior All-Around and Supreme Champion.

D. COURSE AND ARENA MANAGEMENT.

1. Minimum Obstacles & Fences. Minimum of four (4) obstacles. Horses to jump a minimum of eight (8) fences. One change of direction is mandatory.
2. Obstacles Which May Be Used.
 - a. Fences shall simulate obstacles found in the hunting field, such as natural looking post and rail, brush, walls, coops and ascending oxers (not square). Triple bar and hogsback are prohibited. Striped poles are not recommended.
 - b. The top element of all fences must be securely placed so that a slight rub will not cause a knockdown.
 - c. Distance between fences is recommended to be in 12 foot (3.65m) increments with the exception of some combinations; one stride in and out, 24-26 feet (7.31-7.92m); two strides in and out, 36 feet (10.97m); three strides, 48 feet (14.63m).

 - f. The use of wings on obstacles in hunter classes is recommended.
3. A hunter course shall be any course that management deems a fair test of a hunter. Judges are responsible for correctness of each course after it has been set and shall call the show committee's attention to any errors that would tend to result in unfair or inappropriate courses. The judge must walk the course and has the right and duty to alter the course in any manner to ensure its safety. The judge may remove or change any obstacle he deems unsafe or non-negotiable. There will be a minimum five minute warm-up period after the course walk is closed before the first competitor is called to the ring to compete.

CONTROL NUMBER: SC-246 – Remove the bronze horse medal in EWU (Erste Westernreiter Union) from the eligibility exclusion list for Green Western Pleasure and related Green classes.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Including Germany's Erste Westernreiter Union (EWU) bronze horse medal in eligibility criteria for Green classes is no longer appropriate. This award is specific to Germany, and other countries now have equivalent riding levels and yet have no equivalent award. This makes including the EWU bronze horse medal discriminatory to German exhibitors and horses as well as very difficult for staff to verify.

ORIGINATOR'S INTENT FOR CHANGE: Our intent for change is to make Green class eligibility the same for all European exhibitors and to streamline the rule book by eliminating unnecessary rules.

RULE BOOK CHANGE RECOMMENDATION:

SC-246. Green Western Pleasure

D. HORSES ELIGIBLE TO COMPETE:

1. Horses in their first year of showing in Western Pleasure or that have shown during previous years in any recognized equine association in any Western Pleasure classes, but have not won 25 points or more (10 points or more in Zones 12,13,14), or a World or Reserve World Championship, ~~or a bronze horse medal in EWU (Erste Westernreiter Union)~~ as of January 1 of the current show year. Points from all divisions (except Walk-Trot) will count and are cumulative in determining eligibility. In addition, as of January 1 of the current show year, horses may not have won \$2,500 or more in lifetime earnings under saddle in any Western Pleasure class at any event in which the earnings are verifiable. Accuracy of eligibility is the responsibility of the owner and exhibitor and is subject to verification.

CONTROL NUMBER: SC-257 – To allow green horses to compete on an entry-level field with horses of the same level of experience in showmanship, horsemanship and/or hunt seat equitation.

EARLY IMPLEMENTATION REQUESTED: April 1, 2024- These classes are not honor roll eligible so it will not create issues with honor roll points for 2024. Early implementation is requested so shows can start offering these classes to encourage participation of the green pattern horse.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The competitive nature of the showmanship, horsemanship, and hunt seat equitation has increased to such a high level, it has been increasing difficult to season green horses in the pattern classes. This rule change would create a space for those horses to compete in a level playing field to foster a positive experience for the green horse as they learn and become competent at pattern classes.

SC-257. Green Horse Pattern Classes

- A. **The purpose of Green Pattern Classes is to allow a horse to compete on an entry-level field with horses of the same level of experience. SC-301. Ranch Horse Classes. (New Class)

This class may be offered in Open, Amateur and Youth divisions in both Regular and Solid Paint-Bred Registries as well as Novice Amateur and Novice Youth divisions.

Ranch Cow Work (Box, Fence Work, Rope, or Circle)

- A. **The ideal ranch horse must also be a cow horse and this class demonstrates and measures the horse’s ability to do cow work. In addition the ideal ranch cow horse should have a natural ranch horse appearance from head to tail in each maneuver. There is a time limit per horse/rider team to perform the work depending on the division and the time begins when the cow is turned into the arena. If the time has not elapsed and the judge is satisfied that all requirements of the class have been met, the judge should blow the whistle for the exhibitor to cease work. The judge may blow a whistle at any time for the exhibitor to cease work for safety reasons. Judges will give credit for what they have seen. Only the judge may award a new cow to a contestant to replace a cow that will not honor a horse. If the judge awards a new cow, the exhibitor has the option to refuse the new cow by continuing to work. If the exhibitor accepts the new cow, the time for working the cow will start over. If the exhibitor intends to accept the new cow, the exhibitor must pull up immediately. When multiple judges are scoring, any one of the judges may terminate the work or signal for a new cow.**
- B. **Exhibitors in the open, amateur and youth divisions are allotted three minutes to complete the work. When there is one minute left, the announcer will announce, one minute remaining. At three minutes, the announcer will call for time. There are three parts to the class: boxing, fence work and roping or circling.**
- **Part One – Boxing the Cow: The rider shall ride into the arena, face the cattle entry gate and signal for their cow to be turned into the arena. The cow shall be controlled on the entry end of the arena for a sufficient amount of time to demonstrate the horse’s ability to hold the cow. If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse’s ability to drive and block the cow on the entry fence.**
 - **Part Two – Fence Work: After the cow has been controlled on the entry end of the arena, the rider shall set the cow up and drive it down either side of the arena. The cow should be turned on the fence at least once in each direction. The first run out for a turn shall be past the half-way mark of the arena. All turns down the side shall be completed before reaching the end fence.**
 - **Part Three – Roping or Circling: The amateur and youth exhibitor has the option of circling the cow in the middle of the arena in both directions in lieu of roping. An amateur or youth exhibitor may circle or rope the cow but cannot combine the two to get credit for this portion of the run. Open exhibitors must rope the cow.**
- C. **To rope the cow, the exhibitor must be carrying a rope when the run starts. The exhibitor may pull up after the fence work, take down the rope and proceed to rope and stop the cow. The exhibitor must then rope the cow and bring it to a stop. In the roping portion of the class, two throws are permitted and the horse will be judged on two maneuvers: tracking/rating and**

stopping the cow. It is not necessary that the exhibitor catch to receive a score in the roping portion. The catch is legal as long as the cow looks through the loop and the rope pulls tight on any part of the animal's body except the tail. The rope may be tied on or dallied. If the exhibitor does not catch, the horse will be given credit for tracking and rating and will be assessed the appropriate penalty per For shows conducted in international countries, the exhibitor has the option of circling the cow each direction instead of roping or breakaway roping and wearing traditional attire of the country.

- D. To circle the cow, the exhibitor will maneuver the cow smoothly at least 360 degrees in each direction without interference from the fence. The circle's size, symmetry, speed and relative balance from right and left show control. Tightening the circles down with fast head-to-head speed will be a credit situation. The circles should be completed before the cow is exhausted. Once an exhibitor has committed to circling a cow, if the cow falls no new cow will be awarded. The exhibitor will complete the run by riding around the fallen cow to fulfill circling requirements. In the circling portion of the judging, one whistle will terminate the work and two whistles will award a new cow. If Circling, credit will be given when the horse works willingly; acknowledges the cow; and gets close enough to the cow to control the circles. The horse/rider will be scored each direction of the circles
- E. All runs begin upon entering the pen. During Boxing, credit will be given for the horse's expression and its cow sense (i.e., making moves with little rider assistance); holding, controlling, and turning the cow; the amount of work actually done; and the degree of difficulty of the work. Credit will be given during Fence Work for making the first run past the center of the arena; making turns right on the cow; and controlling a difficult cow. If Roping, credit will be given for rating and following cow to allow rider the optimal roping position; stopping hard; and staying in the ground during the hold.
- F. **SCORING.** Each horse/rider team is scored between 0-100 points and automatically begins the run with a score of 70 points. The horse/rider team is scored on the quality of each maneuver (e.g., -1 1/2 extremely poor, -1 very poor, -1/2 poor, 0 correct, +1/2 good, +1 very good, +1 1/2 excellent). Will be judged by the horse's performance and natural ability. Maneuver evaluations and penalty applications are to be determined independently. The following penalties will be applied to each occurrence and be deducted from the final score:
- One (1) point: Over-bridled (per maneuver); out of frame (per maneuver); loss of working advantage; Using the corner or the end of the arena to turn the cow when going down the fence; changing sides of arena to turn cow; for each length horse runs past cow; working out of position; slipping rein; failure to drive cow past middle marker on first turn; two-loop catch in amateur and youth classes.
 - Two (2) point: Going around the corner of the arena before turning cow; when working an animal in the open field (at least 20' from the side of arena) and the animal gets within 3 feet from the end fence before being turned; an illegal catch (loop fails to pass over head or pulls tight on tail only); or failure to catch if roping in amateur and youth classes.
 - Three (3) point: Exhausting or overworking the cow before circling or roping; hanging up on the fence (refusing to turn); knocking down the cow without having a working advantage; two-loop catch when roping in open class.
 - Five (5) point: Failure to turn the cow both directions on the fence; spurring in front of cinch; Blatant disobedience; use of either hand to instill fear/praise; an illegal catch (loop fails to pass over head or pulls tight on tail only); or failure to catch when roping, in open class.
 - Off-Pattern (OP): Turning tail; failure to attempt any part of the class (includes no attempt at roping in the open/cowboy divisions); repeated blatant disobedience; schooling after entering the arena prior to calling for cow; schooling horse between cows if new cow is awarded, or complete loss of rope in open/cowboy class; complete loss of rope in amateur or youth classes, once committed to roping; use of two hands (except junior and horses shown in a snaffle bit/hackamore), more than one finger between split reins or any fingers

between romal reins (except in the two-rein). Cannot place above others who complete pattern correctly.

- **Disqualification (DQ):** bringing the cow straight over backwards landing on its back or head with all four feet in the air; lameness; abuse; illegal equipment; disrespect or misconduct; leaving arena before run is complete; improper western attire; fall of horse/rider

G. **If the open rider runs out of time to rope, there will be no credit for the stop/hold maneuver and a 5 point penalty for failure to catch. Riders may still earn credit for tracking/ rating, control/position and speed/ degree of difficulty.**

CONTROL NUMBER: SC-302-2 – Considering the fact that the ranch classes were originally designed to get people with the ranch / cutting / reining bred horses back into the show pen. The rule should reflect that and offer the platform for those horses in all zones.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The following RCP is to remove the international exception that horses may be entered in hunter under saddle when showing ranch riding / ranch pleasure at the same show. It would align the international area with the other zones and create a rule that is the same for everyone.

ORIGINATOR’S INTENT FOR CHANGE: This exception was to increase entry numbers in an area with supposedly little ranch / reining / cutting horse population. As the ranch classes are very popular now, the exception to allow hunter shown horses into them is no longer needed.

RULE BOOK CHANGE RECOMMENDATION:

CONTROL NUMBER: SC-325 – This Rule Change Proposal would eliminate the Solid Paint-Bred showing divisions, so that the registries would compete and be awarded together.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The Solid Paint-Bred (SPB) competition divisions have been in place since 2006 as an attempt to give horses who were bred as paints but did not meet the color requirements a place to compete, while limiting their options since they lack the ideal standard of color that is preferred for the breed. After almost 20 years the SPB registry makes up 35% of the 678,750 total living registered APHA horses today, but only roughly 11.5% of the 4,665 horses shown in 2022. The Open SPB, Amateur SPB, Amateur WT SPB, and Youth SPB divisions made up 2.7%, 2.3%, 0.5%, and 0.3% of the 243,042 total APHA Show entries in 2022, respectively. It seems that limiting the competitive options of the smaller SPB divisions has not effectively reduced the proportion of solid horses registered with the association each year.

The SPB competition divisions cost the association roughly \$144,698 a year in awards, publications, and marketing, while bringing in roughly \$92,300 in revenue from status changes and color pattern testing each year, resulting in a deficit of roughly \$52,398 every year for the association. When looking at the total APHA awards budget and the number of horses shown in 2022 in each registry, it was determined that APHA spends over twice (2.2x) as much per SPB horse when compared to the Regular Registry (RR) horse. The APHA European Championships, one of the largest APHA sanctioned shows each year, estimated that they spend roughly €15,000 (\$16,853.32) on the SPB divisions. Not only do these divisions cost the association and every APHA sanctioned show a large portion of their revenue during a time when budgets are especially tight, but the owners of SPB horses still struggle to find shows that hold their SPB classes of choice and have enough entries to earn APHA points and awards.

Dr. Samantha Brooks, Equine Geneticist at the University of Florida, stated that even if a horse's color pattern does not meet the color requirements standard, they can still carry white-spotting genes that could be passed down and expressed in future generations. A more effective way for selecting for both athletic ability and color may be to recognize and award Paint Horses who have a higher probability of producing colored offspring (and therefore eligible for Regular Registry) based on their genetic color panel and that have shown success in the show pen.

The Competition Advisory Committee is proposing to eliminate the SPB competition divisions so that the Regular and Solid Paint-Bred Registries will compete together, and utilize the money saved to develop a program that will incentivize the breeding and competition of color displaying and color producing Paint Horses.

ORIGINATOR'S INTENT FOR CHANGE: The Competition Advisory Committee's intent for this rule change is to eliminate the SPB competition division, so that the registries would compete together. This would increase the number of horses in each class, and therefore the number of APHA points up for grabs. This will improve the member experience for owners and exhibitors of SPB horses. This will increase the value of the SPB horse, and may encourage individuals who decided not to register or transfer their SPB to do so. Shows will run more efficiently with less classes in their schedule, and APHA would be able to spend less time processing show results. Novice Eligible SPB exhibitors would now have novice classes to show their SPB horse in.

JUDGES RULE CHANGE RESOLUTIONS

CONTROL NUMBER: JU-000-1 – Requires a designated judge to be responsible for initiating a notification procedure for exhibitors to start a pattern.

(X) EARLY IMPLEMENTATION REQUESTED: July 1, 2024

Implementing this rule change earlier presents minimal risks or added costs. Its prompt adoption will swiftly bolster clarity and efficiency for exhibitors, judges, and show staff alike. A start date of July 1 ensures sufficient time for the education of judges and the preparation of show management.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED:

Throughout various APHA competitions, inconsistencies have emerged in signaling exhibitors to start patterns. This inconsistency confounds participants and leads to unnecessary delays and inefficiencies. Without standardization, participants and judges face challenges, deteriorating the overall competition quality & experience.

ORIGINATOR’S INTENT FOR CHANGE:

Seeking to introduce a standardized notification system for initiating patterns at shows to bolster clarity, fairness, and efficiency. This change will eradicate ambiguity, ensuring all exhibitors receive uniform signals to commence their patterns. Leveraging signage as the primary signal, coupled with a tiebreaker judge's initiation, ensures consistent application across events. Such a system not only promotes equal chances for participants but also improves judging coordination. The tiebreaker judge's role in synchronizing starts augments communication within the judging panel, minimizing discrepancies or delays and guaranteeing ample time for score documentation.

RULE BOOK CHANGE RECOMMENDATION:

JU-000. Judge Rules and Regulations

- H. **AUTHORITY AND RESPONSIBILITIES OF APHA JUDGES.** A judge has the authority to place a horse in whatever position in a class he thinks the merit of the horse justifies when compared to the standards for halter classes or movement and gaits for performance classes. His/her decision shall be final in all cases in the placement of the horses in the class. Once a class has been judged it shall not be rejudged, and once the judge has marked his final record there shall be no changing of places. If clerical corrections, initiated by show official(s) (typically announcer, but could also be show secretary or manager) are made to a judge’s card or score sheet, they must be approved and initialed by the judge. Clerical errors must be corrected before the results are submitted to APHA. If such a correction must be made to judge scoresheet or placing card after the judge is no longer at the show, signatored corrections must still be made, either physically or electronically.
1. The judge must list all contestant numbers through seven (7) entries, including disqualifications.
 2. Entry Tally. Each judge shall be responsible for independently tallying the correct number of entries actually exhibited in each class he/she judges. It is the judge's responsibility to retain these numbers for one year in the event of discrepancies.
 3. Eligibility Of Entries. No judge shall determine the eligibility for registration of an entry in the ring and shall at all times refrain from making comments regarding such.
 4. Bad Conduct Of Exhibitor. A judge may order any person or horse from the competition for bad conduct of one or both.
 5. “Sifting” Or Elimination Committee. A Judge of any show or contest may also be on any “sifting” or elimination committee necessary.
 6. Judging Of Classes. Only one judge may be used for halter and performance classes. Ancillary judges may be used to judge individual work classes, and will be aligned with the main judge, to be considered as one complete show. If more than one judge is to be used, the classes to be judged by ancillary judges shall be publicized prior to the show.

- a. In a multi-judge situation, all judges do not have to be present in the speed event classes; however, there must be a minimum of one judge judging the classes.
7. Patterns:
 - a. Judges are responsible for the correctness of all patterns used in approved classes.
 - b. A designated judge will be responsible for initiating a notification procedure for the exhibitor to start the pattern.**
 8. A judge must submit all APHA-approved score sheets for all scored classes to show management, which should be posted for viewing (electronically or a photocopy) after each class to allow riders to evaluate their performance.

AMATEUR RULE CHANGE RESOLUTIONS

CONTROL NUMBER: AM-020-1 – The purpose of this rule is to attract more international Youth and Amateurs to show at APHA-approved events in Zones 12, 13, and 14 with a leased Paint by allowing both the lessee and the lessor to earn APHA points, titles and awards in separate divisions.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The justification of this rule is to get more Youth and Amateurs showing American Paint Horses in Zones 12, 13, 14. There are many Youth and Amateurs who cannot afford to own their own horse but would like to show at APHA shows. This would enable them to lease a horse already being shown at the horse show lessening the expense of showing. Expenses such as stalling, hauling, shavings could be split between the actual owner and the lessee at their discretion. We hope to get them started showing at the APHA shows by offering them this opportunity.

ORIGINATOR'S INTENT FOR CHANGE: The intent of the rule is to allow the owner of a horse they have show leased to also exhibit the horse in the Amateur or Youth divisions. Rules of each division such as not allowing a horse to be shown in both the Classic and Masters Divisions would be followed. However, this would allow a horse to be shown in both the Amateur and Youth Divisions. There are not as many American Paint Horses in Europe as we have in the United States so this rule change could be beneficial to growing the entries at the European shows.

RULE BOOK CHANGE RECOMMENDATION:

AM-020. Ownership

- A. OWNERSHIP ELIGIBILITY. Any horse exhibited in Amateur classes at APHA-approved shows or shows sponsored by the APHA, or to qualify for the various APHA Amateur points, titles and awards, the Amateur or the Amateur's immediate family must be the current recorded owner of the horse. Immediate family shall include the following: spouse, mother, father, son, daughter, brother, sister, grandchild, grandparent, stepgrandparent, legal ward, inlaws (father, mother, brother, sister, son, daughter), stepchild, stepparent, stepbrother, stepsister, half brother, half sister, aunt, uncle, niece, nephew or solely owned corporation, ranch or farm. Persons whose relationship is legally recognized as a domestic partnership or civil union under the laws of the jurisdiction in which they sought such relationship are considered immediate family. Such ownership must be evidenced by the records of the APHA. Throughout the rest of these rules, the above shall stand as ownership requirements. See Rule GR-020.K.1. and RG-035.B.1.
1. Horses Under Show Lease. Amateurs are eligible to show leased horses with the following guidelines:
 - a. The horse must be leased to an individual only.
 - b. A Show Lease Form must be on file with APHA prior to exhibition of the leased horse. A show lease must be submitted on forms provided by APHA. The form must be signed by both the lessor and lessee, provide the effective date, and be submitted with applicable fees (See fee schedule at front of the Rule Book).
 - c. All Show Leases expire on December 31 of the year submitted and must be renewed annually to remain in effect. If it is necessary that the lease be canceled prior to the termination date provided, it may be terminated by written notice giving termination date, signed by both the lessor and lessee. No additional fee shall be charged for termination, whether automatic or by subsequent notice thereof.
 - d. The leased horse may be shown by the amateur leasing the horse and the amateur lessee's immediate family members. (see AM020.A.). The lessor and their family will not be recognized as owners for competition purposes during the lease period.
 - 1) **A leased horse may be shown by the owner of the leased horse in Zones 12, 13, 14. The owner's immediate family members are not eligible to show the horse.**

- e. The lessee must be responsible for all expenses relating to the horse, and records must be made available to APHA upon request.
 - 1) **In the case of an owner exhibiting the leased horse, each exhibitor must be responsible for all expenses related to their specific exhibition of the horse.**
- f. A Show Lease Certificate from the APHA office must be presented at the time the horse is to be shown by the lessee. If the exhibitor is related to the lessee, the exhibitor must provide their relationship to the lessee (See AM-020.A.) when the certificate is presented.
- g. Only one show lease covering a horse will be recognized at a time. Horses may not be leased to a third party at any time, and such action will not be recognized by the Association.
- h. There is no limit to the number of horses that an individual can lease during any given period of time.
- i. Any points, awards or money earned by the lessee during the lease period will be considered the lessee's. Any Breeders' Trust money earned by the horse during the lease period will be sent to the recorded owner as of December 31 of that point year if eligible per current Breeders' Trust Program rules.
- j. In regard to Association procedures, recordation of a show lease authorizes a lessee to execute all documents pertaining to the recognized show activities regardless of any limitations in the actual lease agreement. Enforcement against the lessee of limitation on the use of the horse and/or any other terms of the contract or lease, is the sole responsibility of the lessor. A show lease does not grant a lessee or lessee's agent authorization to sign breeder's certificate(s), stallion breeding reports, transfers or registration applications for the horse.
- k. During the effective term of the show lease, the Association will not record subsequent changes in ownership until the lease is terminated, unless the transfer shows the lessee as the new buyer. The date of sale in such a case will become the date the lease is terminated.

CONTROL NUMBER: AM-071 – Allow exhibitors who have previously held a youth or amateur show card, but have not earned any equine association points, money, or titles, to remain eligible for the amateur rookie of the year award.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: APHA staff frequently field phone calls and emails from exhibitors who had purchased a youth or amateur show card at but were for whatever reason unable to show that season or showed without earning any points, money, or titles, and are disappointed to learn the following season that they are no longer eligible for the amateur or novice youth rookie of the year award simply for purchasing a show card. Removing this stipulation would simplify the requirements for this award by only verifying that they have not earned anything to be rookie eligible. Once they have a show season where any points, titles, or money are earned they will no longer be considered a rookie.

ORIGINATOR’S INTENT FOR CHANGE: Allow exhibitors who have previously held a youth or amateur show card, but have not earned any equine association points, money, or titles, to remain eligible for the amateur rookie of the year award.

RULE BOOK CHANGE RECOMMENDATION:

AM-071. Amateur Rookie of the Year Award

A. To be eligible for the award:

1. The exhibitor cannot have won any equine association points, money and/or a World or Reserve Championship titles (in open, youth, novice youth, amateur, novice amateur or amateur walk-trot) at any time prior to the year of the award.
- ~~2. The exhibitor is a first time APHA amateur card holder.~~

- ~~3. First time Novice Youth card holders who have earned APHA Youth or Open points are not eligible for this award.~~

CONTROL NUMBER: AM-080-1 – Adjusting the Masters Amateur Age to 50.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Adjust the Amateur Age to align with other Associations in the industry. Specifically targeting and adjusting the Masters to 50 will align the age for exhibitors that cross over from other associations.

ORIGINATOR’S INTENT FOR CHANGE: Adjust the Amateur Age for the Masters Exhibitors to age 50. This will align the age for exhibitors that cross over and exhibit in other associations.

RULE BOOK CHANGE RECOMMENDATION:

AM-080. Amateur Age Divisions

- A. **RECOGNIZED AGE DIVISIONS.** The APHA recognizes the following divisions for Amateurs.
1. One Division Offered. If one Amateur division class is offered it should be for all eligible Amateurs, 19 years and older on or before January 1 of the current year.
 2. Two Divisions Offered. If two classes are offered, they should be held as follows:
 - a. Amateur: any Amateur who is 19 years of age or older on or before January 1 of the current year.
 - b. Masters: any Amateur who is ~~45~~ **50** years of age or older on or before January 1 of the current year. See AM-085 for rules governing contestants exhibiting same or multiple

1. Amateur (19-~~44~~ **50**)
 2. Masters (~~45~~ **51** & over)
 3. Novice Amateur
 4. Amateur Solid Paint-Bred
 5. Amateur Walk-Trot

CONTROL NUMBER: AM-210 – Novice Amateur exhibitors would not be required to own the horse they are exhibiting at open/regional/zone shows. Points earned would be counted when determining Novice Amateur eligibility only. Points earned by exhibitors under this rule would NOT count towards APHA year end awards. Ownership requirements for APHA sponsored shows (i.e. World Show) would remain unchanged.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: In 2022, Amateur Committee was asked to simplify the Novice Amateur division qualifications and requirements. The Committee felt that changing the Novice Amateur ownership requirements would not only simplify eligibility, but also address an overall decline in membership and exhibitors at open/regional/zone shows. Due to an administrative misunderstanding, the proposal submitted was not representative of the committee's intent and was withdrawn. As originators of the rule change proposal, we feel that it is an idea that needs to be presented as was decided in the Amateur Committee.

ORIGINATOR'S INTENT FOR CHANGE: The intention of this rule change is to reduce a large barrier for entry into the Novice Amateur division in order to attract entry level exhibitors who will become APHA members and active participants in open/regional/zone shows throughout the year by removing the ownership requirement for Novice Amateurs at open/regional/zone shows.

RULE BOOK CHANGE RECOMMENDATION:

AM-210. Novice Amateur Application/Renewal

B. OWNERSHIP REQUIREMENTS. ~~Same as Amateur. See Rule AM-020.~~

1. Exception: ~~In Zone 12, 13 and 14 only,~~ a horse exhibited in Novice Amateur classes does not have to be owned by the exhibitor showing the horse, ~~however, in order~~ To be eligible for the various APHA points, titles and awards sponsored by the APHA and for exhibiting at shows sponsored by the APHA (i.e., World Show), the horse must be owned by the **Novice Amateur** and/or the **Novice Amateur's** immediate family (mother, father, stepparent, brother, sister, stepbrother, stepsister, half-brother, half-sister, aunt, uncle, nephew, niece, in-law (brother, sister), legal guardian, grandparent or step-grandparent), family owned corporation, ranch or farm.
2. Points earned by exhibitors showing horses not owned as described in ~~AM-020.A.~~ **AM-210 B**, will be recorded by the APHA and will count only for the purpose of determining Novice Amateur eligibility.
3. **Horses Under Show Lease. Novice Amateurs are eligible to show leased horses. See Rule AM-020.A.1.**
4. **Horses Owned in Partnership. Horses owned in partnership or jointly with any person other than those listed above are not eligible for APHA Novice Amateur points or awards. To be eligible to earn APHA points, the Novice Amateur exhibitor must be related to each name listed on the horse's registration certificate and/or every owner of the farm/business/partnership.**
5. **Horses Registered in the Name of a Non-Family Owned Farm or Ranch. Horses registered in the name of a farm or ranch other than the Novice Amateur exhibitor's family as listed above are not eligible for APHA Novice Amateur points or awards.**
6. **Exhibitors not meeting ownership requirements will lose any APHA points earned but will maintain placings.**
7. **The total number of entries in the class and the placings of the other exhibitors will not change.**

CONTROL NUMBER: AM-245 – Removes the requirement to hold novice classes prior to their corresponding amateur or youth class.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Requiring show producers to run the novice class prior to the amateur class is outdated. Show producers should have the flexibility to offer classes that best suits their exhibitors' needs.

ORIGINATOR'S INTENT FOR CHANGE: The intent is to provide show producers the ability to tailor their shows as needed for success.

RULE BOOK CHANGE RECOMMENDATION:

AM-245. Novice Amateur General Show Rules

- A. **MINIMUM CLASSES OFFERED.** If Novice Amateur classes are offered, a minimum of three Novice classes must be offered and the corresponding APHA Amateur classes must also be offered.
EXCEPTION: Upon written request, in special cases the Board of Directors of the Association may approve single classes for APHA points. Such APHA approved classes must use an approved APHA judge and the horse show must utilize the show rules as set forth in this Rule Book.
- B. ~~ORDER OF CLASSES. The Novice Amateur class must be held prior to the corresponding Amateur class.~~
- ‡ Exhibit in Both Novice/Amateur. Novice Amateurs may exhibit in the corresponding Amateur class.

Such APHA approved classes must use an approved APHA judge and the horse show must utilize the show rules as set forth in this Rule Book.
- B. **RECOGNIZED DIVISIONS.** The APHA recognizes the following age divisions for Youth. Youth must show in the appropriate age division based on their age as of January 1 of the current year. Any exceptions will be specified in the appropriate event.
1. **If One Class Is Offered.** If one class is offered it should be held for eighteen (18) years and younger.
 2. **If Two Classes Are Offered.** If two classes are offered it should be for thirteen (13) years and younger and eighteen (18) years and younger. See SC185.D.
 3. **If Solid Paint-Bred/Breeding Stock Performance Category Classes are offered.** One class should be offered and held for eighteen (18) years and younger. Exception: Solid Paint-Bred/Breeding Stock Youth Showmanship, may be divided into age groups (13 and under, and 18 and under)368
- C. ~~ORDER OF CLASSES. The Novice Youth class must be held prior to the corresponding Youth class.~~
- ‡ Exhibiting in both Novice/Youth. Novice Youth may exhibit in the corresponding Youth class.

YOUTH RULE CHANGE RESOLUTIONS

CONTROL NUMBER: YP-075 – Removes the exception for 1 and 2 judge shows for 13 and under classes since 1 and 2 judge stand alone shows no longer have minimum class requirements.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The Rules Advisory Committee has been directed to review the rule book for outdated, erroneous or confusing language. 1 and 2 judge shows no longer have any minimum requirements if held separate from another APHA approved show therefore the erroneous language needs to be removed.

ORIGINATOR'S INTENT FOR CHANGE: The removal of the language regarding one and two judge shows not requiring the required 13 and under language removes any confusion.

RULE BOOK CHANGE RECOMMENDATION:

YP-075. Youth Age Divisions

- A. **RECOGNIZED DIVISIONS.** The APHA recognizes the following age divisions for Youth. Youth must show in the appropriate age division based on their age as of January 1 of the current year. Any exceptions will be specified in the appropriate event.
1. **If One Age Division Is Offered.** If one age division is offered it should be held for eighteen (18) years and younger. In addition, it is required that a minimum of five (5) classes be offered as 13 and Under and these five (5) classes cannot be combined. ~~Exception: One judge shows that are held separate from a POR, are not required to offer 13 and under classes, when one age division is offered. Two judge shows that are held separate from a POR, it is required that a minimum of three (3) classes be offered as 13 and under and these three (3) classes cannot be combined.~~ A 13 and Under exhibitor may choose which division to compete on a per class basis but cannot exhibit in both divisions in the same class.
 - a. **EXCEPTION:** In Zones 12, 13 and 14 the minimum five (5) 13 and Under classes are not required.
 2. **If Two Age Divisions Are Offered.** If two age divisions are offered it should be for thirteen (13) years and younger and eighteen (18) years and younger. In addition, it is required that a minimum of five (5) classes be offered as 13 and Under and these five (5) classes cannot be combined. A 13 and Under exhibitor may choose which division to compete on a per class basis but cannot exhibit in both divisions in the same class. See SC185.D.
 - a. **EXCEPTION:** In Zones 12, 13 and 14 the minimum five (5) 13 and Under classes are not required.
 3. **If Solid Paint-Bred/Breeding Stock Performance Category Classes are offered.** One age division should be offered and held for eighteen (18) years and younger. Exception: Solid Paint-Bred/Breeding Stock Youth Showmanship, may be divided into age groups (13 and under and 18 and under.)
- B. **SPLITTING OR COMBINING AGE DIVISIONS.** Show management may combine or split age groups as justified by entries if there is unanimous consent of all involved exhibitors, however, if one division is not a two (2) point earning class, then show management may combine age groups, without unanimous consent of all exhibitors. Exception: Excluding Solid Paint-Bred/Breeding Stock Performance Category Classes except for Solid Paint-Bred/Breeding Stock Youth Showmanship. See Rule SC-060.A.

CONTROL NUMBER: YP-085 – Requires shows to hold grand and reserve halter classes in the Youth division.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: Wording is consistent with industry standards. APHA does not have staff to “police” horse show schedules. Frequently the open classes are held prior to amateur and/or youth. It is not in APHA best interest to have rules which are not enforceable, nor create a situation where it might have to discipline an organization hosting and supporting APHA by holding approved horse show(s). This wording was probably put in during a time when there was not a grand and reserve for Youth and/or Amateur and halter was perhaps all ages for those divisions?

ORIGINATOR’S INTENT FOR CHANGE: The intent is to reduce confusion across divisions. The optional wording was probably put in during a time when there was not a grand and reserve for Youth and halter was perhaps all ages for those divisions.

RULE BOOK CHANGE RECOMMENDATION:

CONTROL NUMBER: YP-109 – Youth can share a horse at a show/event when exhibitors are showing in different Youth Walk Trot age divisions; (5-10 and 11-18 Walk Trot only).

EARLY IMPLEMENTATION REQUESTED: Early Implementation is requested to allow for show planning teams to update show rules as soon as possible. Implementation as close as possible to January 1, 2024 is requested for youth currently showing in Walk Trot, so that they may continue showing as the new year begins.

ORIGINATORS JUSTIFICATION FOR CHANGE AND IMPACT IF NOT PASSED: The purpose of this rule change proposal is to update the rules for Youth Walk Trot Exhibitors in order to allow for Youth Walk Trot exhibitors in different age categories to share horses at the same show/event. These age divisions are not able to be combined, so no conflict can arise between two exhibitors sharing the same horse in youth walk trot divisions.

ORIGINATOR’S INTENT FOR CHANGE: The intent for this change is to open the Youth Walk Trot division to allow for youth to share a single horse between Walk Trot division exhibitors. A horse may be shared for an Amateur Walk Trot and a Youth Walk Trot exhibitor, however, youth exhibitors in different age divisions have not been able to share. This proposal opens up additional pathways of participation for families with multiple youth who can and want to show as Walk Trot exhibitors.
