Activities

Together with my family we own Rockin' Bar S Paint & Quarter Horses, LLC, now based in Magnolia, TX, previously of Tomball, TX. Rockin' Bar S was established in 1993, and incorporated in 2003, and designed to house our equine oriented assets. My wife (Nancy) and four children have participated, with me, in the horse and ranch operations including; breeding, maintenance, training, sales, and showing of horses.

Rockin' Bar S has registered several hundred foals with APHA, however, is no longer in the breeding business. We continue to purchase horses and train them for our own showing and my wife trains a set of youth and amateur exhibitors.

Between the six of us we have managed to earn over 60 world show buckles with the vast majority in APHA competition (42). Additionally, Nancy's training has yielded an additional set of world show buckles.

Presently we own 11 horses and continue to pursue our horse show activities.
