

S. Sue Johnson

**Spouse's Name** Keith Johnson

**Address** P. O. Box 362  
Granville, OH 43023

**Education** Graduated 1960 Urbana High School- Urbana, Ohio  
Attended Ohio State University 1985-1987

Did not complete degree. Just got too busy at the time with family and new job..

**APHA/Paint Involvement** I became involved with the American Paint Horse around 1988 when I bought my first Paint, a sorrel overo mare, Juan's Honey Bun. I joined APHA to do the transfer. She had been shown in 4-H but at the time I had no plans to show. I decided to breed her and that was when I started showing her off-spring so I joined the Ohio Paint Horse Club for guidance. I was showing horses, something I had not done for nearly 30 years, and realized that things had definitely changed. There were new styles and new rules that I needed to learn and understand. The desire to learn about Paints and showing lead me to start attending meetings of the Ohio Board. A few years later I was asked to fill the vacated secretary's position and after a couple years moved on to being elected as an Ohio Director. In my role as Director I have been able to help with many shows and projects that our Club has undertaken. I am very active showing my horses and while I mainly do it for fun and my own pleasure, I have enjoyed some success doing so. I have worked as show manager/secretary at many shows, gate person, or just gofer. I am usually the one that maintains the APHA booth at Equine Affaire, which is a lot of fun and provides a great way to spread the word about Paint Horses. Three years ago, I was elected to represent Ohio as a National Director. I was thrilled and excited to be going to Convention and meet people from all over with the same love of the Paint Horse. I am currently on the Amateur Committee and am able to share view points and suggestions with other Amateur regarding the future of our Club. I realize that we can not progress without change and the input that comes from these conventions is an essential tool. Therefore, I am asking the Director's Nominating Committee to again place my name on the ballot for re-election as a National Director.

**Other Horse Involvement** In the past, I have assisted with two 4-H club in our area. I currently lease one of my horses to a 4-Her and she is doing quite well with him. We have a small operation and do all the work ourselves, so most of my time is centered around home and family.

I am sorry to say, I do not have a photo of just me to send at this time, so I hope the one attached will do.

**Membership and Service** I currently hold memberships in Kentucky and both Michigan Paint Horse Club and actively show in those states. I am also a member of both National and Ohio Pinto Horse Clubs. Also hold memberships in National Rifle Association and Ohio Gun Collector, though I have not yet tried Mounted Cowboy Shooting.
