<b>Education</b>	Btec National Certificate in Business and Finance Association of Accounting Technicians, Technician level
<b>APHA/Paint Involvement</b>	I purchased my first Paint in 2003 as a weanling. He and I learnt together about Paints and Western riding becoming quite successful in Showmanship, Trail and Horsemanship here in the UK.
<b>Other Horse Involvement</b>	I have been passionate about horses since I was a toddler. Nagging my Mum to let me ride not long feet I learnt to walk. As a child I was often to be found riding other people's ponies that they're children wouldn't ride. At age 16 I finally bought my first weanling, we had 16 happy years together before I lost her to colic. Since then I have owned a number of horses, mostly Paints and Quarter horses and I even bred a couple of foals. All of which has been throughly enjoyable experience.
<b>Membership and Service</b>	I joined the APHA and UKPHA when I bought my first Paint horse in 2003. I joined the UKPHA Board a few years later and have spent my time promoting our breed. I have recently become more involved and have taken over as Treasurer for the UKPHA and APHA Youth Liaison.
