

# Western Bareback

## 2020 AZ State Virtual 4-H Horse Show

Equipment:  
2 cones

Note: Perform your rail work in the arena before your pattern. Refer to the second page for filming instructions. The video must be one continuous shot including both rail work & pattern.

Be ready at A.

1. Back.
2. Perform a 360 degree turn to the right.
3. Lope left lead.
4. Change leads (simple)
5. Lope right lead making a square corner at B.
6. Break to jog. Make right square corner. Stop.
7. Execute a 450 degree turn to the left.
8. Lope left lead with speed.
9. Collect lope.
10. Break to extended trot. Stop even with A. Exit at a walk.

Cone A to Camera/Cone B: Approx. 30-50 ft

(Pattern measurements are merely guidelines to assist you in setting your pattern and can vary to fit the space you are riding in)

## **2020 AZ State Virtual 4-H Horse Show Western Rail Video Instructions**

- Must film the profile of the horse from approximately 40 feet away
- Must film a continuous video that shows the walk, jog, and lope for 10-20 seconds at each gait in both directions, ending with a stop and back of 4-5 steps.
- No need to show any extended gaits.
