

2022 APHA Director Election Area Alignment and Director Allocation

American Paint Horse Association By-Laws, Article IV, Section 6.1 (A-F) of the 2022 APHA Official Rule Book provides that the APHA shall have approximately 110-120 elected directors. Total director allocations exclude Directors-at-Large. Each area that has a Director-at-Large is notated by an asterisk (*) or by three asterisks (***)

To determine the total number of director allocations for 2022, the total membership of the Association (41,222), minus those countries with a recognized international association under the provisions of Article XIV (5,842), equaling (35,380). The resulting number was divided by 100 to obtain the quotient to determine allocations, (353.8) for each Representative Area from Area #1-47. The quotient has been calculated to the one-thousandth decimal place and rounded to the nearest whole number.

The nominee(s) receiving the highest number of votes on the ballots will be named State Director(s). The individuals receiving the next highest number of votes will be named Alternates. If a Representative Area has no State Director nominations, an individual from outside the Representative Area may be nominated to represent that Area. Write-ins may be considered.

Article VI, Section 6.1.E.a., states ...Nominees shall provide a resume about themselves to be made available to the Committee and voters. Failure to provide a resume will be grounds for removing the nominee from the ballot.

NOTE: Please be reminded of our By-Laws, Article VI, Section 6.1.F.a., ***"...areas with 5 or more State Directors will be allowed 2 alternates to serve for three years."***

SPECIAL NOTE: All past presidents, Board of Director members, 25-year tenured State Directors and Distinguished Service Award Recipients are Directors-at-Large. If there is a Director-at Large in your Representative Area, he/she will not need to be recommended.
