<b>Education</b>	I studied Public Accounting and Financial Strategy at the Autonomous Technological Institute of Mexico (ITAM)
<b>Professional Employment</b>	<p>For several years, I pursued my career as an accountant in different prestigious tax offices in Mexico. However, the love for the horse was in my blood; since I was born into this wonderful world. That is why I had several businesses related to the horse:</p> <ol style="list-style-type: none"><li>1.- A store of different accessories for the horse (medicine, supplements, etc.)</li><li>2.- Work as a halter horse trainer.</li><li>3.- Train many children by giving riding lessons and teaching how valuable the horse is.</li><li>4.- Compete for many years in different competitions.</li><li>5.- I decided to make the first radio program in Mexico called Cabalgando al aire, where everything related to horses was only discussed. And in the same way I opened a channel on you tube called Riding where we taught everything related to the horse.</li></ol> <p>And finally I arrived at my destination to be able to work and serve for Mexican breeders.</p>
<b>APHA Involvement</b>	Thanks to Manuel Mora, former president of the Mexican Paint Horse Club, I got closer to Apha. First I started working as Ring stuart and little by little I got involved and had more participation within the Club
<b>Other Horse Involvement</b>	<p>For many years I have competed in different disciplines as a rider, but I also had the opportunity to breed together with my father.</p> <p>But now I am 100% focused on serving breeders, owners and making known the benefits of the Paint Horse registry in Mexico.</p>
<b>Memberships Held</b>	As of 2018, we have achieved that the number of registrations and the number of memberships in Mexico have increased by more than 100% and we have been able to make people understand that there is a benefit in having their papers in order.

**Equine Awards**

I was champion  
cove on several occasions.  
I also got good spots competing in ranch sorting and reining. In the same way I was in the top 10 at the national level in the skirmish competition that is part of the national sport of Mexico: "La Charrería" I am 100% dedicated to three associations in Mexico, quarter horse, paint and appaloosas horses.

**Service & Experience**

Currently at the Club we serve more than 100 clients to regularize their registrations, many in transfers, new registrations, duplicates, genetic studies, double registrations and memberships. And we promote membership and registration across the country.

**Why do you want to be and APHA State Director?**

I would like to be a director because I can present the needs of the horsemen I represent, and be able to present their comments and in this way have greater growth and improvement in genetics and customer service. And without a doubt because I feel a great commitment to the horse to return all the wonderful things it has given me in my life. My life would not be the same without his presence.
