Service & Experience

APHA Regional Club Committee:

I have been serving on the APHA Regional Club Committee and several of its sub-committees for the past three years. The committee reviews regional club performance and collects ideas to help regional clubs grow and excel.

TPHC:

Member of the Board of Directors since 2014.

Currently Vice President

Recording Secretary for 7 years

Scholarship Committee Member

(I have been involved in the development of the Paint the Future Scholarships and the fundraising for these scholarships since the beginning of the Paint the Future Show in 2014)

Why do you want to be and APHA State Director?

Having served for several years on APHA Committees, and having served on the Board of the regional club TPHC for eight years (where I helped to create the scholarship program of the Paint the Future Show), and now being the Vice President and anticipating to become the President of TPHC in 2023, I feel that I should expand my knowledge and assist people at the State level.
